About Us

When your group stays at Sine Cera, you're not just investing in the wellbeing of yourself and your loved ones, you're also providing funds for worthwhile causes in the local community and beyond.

Sine Cera is part of the Dharma Care family, a Northern NSW charity that exists to create generational change in the lives of disadvantaged people in regional communities in Australia and overseas.

All proceeds from our rainforest retreat go directly towards supporting the activities of Dharma Care, so when you stay with us, you're also helping people who are in desperate need of support and care.
